GB Please register the hub within one hour of power up, otherwise the app "authentication error" will appear. Re-boot the hub (including switch off/on the back up battery) and start the process again if necessary.

DE Bitte registrier den Hub innerhalb einer Stunde nach dem Einschalten. Andernfalls wird der App-Authentifizierungsfehler angezeigt. Starte den Hub neu (einschließlich Aus- / Einschalten der Pufferbatterie), und starte den Vorgang ggf. erneut.

FR Veuillez enregistrer la centrale dans l'heure qui suit sa mise sous tension. Si ce délai est dépassé, l'application affichera une erreur d'authentification. Dans ce cas, redémarrez la centrale (pensez à éteindre et rallumer la batterie de secours) et recommencez l'enregistrement.

IT Registrare l'hub entro un'ora dall'accensione, altrimenti verrà visualizzato l'errore di autenticazione dell'applicazione. Riavviare l'hub (incluso spegnimento / accensione della batteria di backup) e riavviare il processo se necessario.

ES Registra el hub en el plazo de una hora tras encenderlo, de lo contrario aparecerá el "error de autenticación" de la aplicación. Reinicia el hub (apaga y enciende el interruptor de la batería de respaldo también) y vuelve a iniciar el proceso en caso necesario.

(GB) Server Information - (DE) Server Informationen - (FR) - Informations sur le serveur
(IT) Informazioni del Server - (ES) Información del servidor

GB: - The SmartPhone feature requires our central server. Yale offers no guarantee on the availability of our server. Yale cannot guarantee limitless and future availability of our free server. We would contact individual users via E-mail should this situation change. In the unlikely event of server disconnection, the alarm system will continue to function (arm/disarm) using the supplied keypad accessory. Alarm Notification functions must only be used with persons who have consented to being contacted by the system. The system is not to be used to make 112 / 999 emergency calls directly. Information and illustrations are subject to changes within this document. Yale reserved the right to alter the specifications and product design at any time without notice.

DE: - Die App erfordert die Nutzung unseres zentralen Servers. YALE übernimmt keine Garantie für die Verfügbarkeit dieses Servers. YALE kann keine Garantie für die unbegrenzte und zukünftige Verfügbarkeit unseres kostenlosen Servers übernehmen. Wir werden die Nutzer per Mail informieren, wenn sich die Situation ändert. In dem unwahrscheinlichen Fall, dass die Verbindung unterbrochen wird, funktioniert das Alarmsystem weiterhin über Tastatur bzw. Fernbedienung. Die Alarmmeldungsfunktion sollte nur mit Personen genutzt werden, welche eine Zustimmung zur Kontaktierung durch das System gegeben haben. Das System ist nicht dazu ausgelegt die Polizei 110 zu kontaktieren. Informationen und Illustrationen können bei Bedarf geändert werden. YALE behält sich alle Rechte vor Spezifikationen und das Produktdesign ohne Information zu ändern.

FR: - L'utilisation de l'application mobile nécessite un accès au serveur Yale. Yale ne garantit en aucun cas un accès futur illimité au serveur. Les usagers seront contactés individuellement dans l'éventualité d'un changement de situation. Dans l'éventualité d'une déconnexion du serveur, le système d'alarme continuera de fonctionner (activation/désactivation) à l'aide du clavier fourni. Seules les personnes ayant consenti à être contactées par le système doivent utiliser les fonctions de notification d'alarme. Le système d'alarme ne doit pas être utilisé pour composer directement le numéro d'urgence 112/999. Les informations et illustrations présentes dans ce document peuvent être sujettes à changement. Yale se réserve le droit de modifier les caractéristiques ainsi que le design du produit à tout moment et sans préavis.

IT: - L'utilizzo dell'app per Smartphone richiede l'utilizzo del nostro server. Yale non garantisce il servizio del nostro server gratuito. Yale non garantisce la disponibilità senza limiti del servizio del nostro server gratuito in futuro. Contatteremo gli utenti attraverso e-mail se questa situazione dovesse subire variazioni. Se il server dovesse subire una temporanea mancanza di servizio, il sistema di allarme potrà continuare a essere utilizzato (attivazione/disattivazione) utilizzando il tastierino a codice fornito in dotazione. Le notifiche inviate dal sistema di allarme devono essere indirizzate solo a persone che hanno acconsentito a essere contattate dal sistema. Il sistema non è predisposto per effettuare chiamate dirette al numero di emergenza 112. Le informazioni e le immagini presenti all'interno di questo documento potrebbero subire variazioni. Yale si riserva il diritto di apportare modifiche alle specifiche e al design del prodotto in qualsiasi momento senza preavviso.

ES: - La función Smartphone requiere de un servidor central. Yale no ofrece garantía sobre la disponibilidad de nuestro servidor. Yale no puede garantizar la disponibilidad ilimitada y el futuro de nuestro servidor gratuito. Contactaremos a través de email con los usuarios si esta situación cambia. En el improbable caso de desconexión del servidor, el sistema de alarma seguirá funcionando (armado / desarmado) a través del teclado suministrado. Las funciones de notificación de alarma sólo deben ser usadas por las personas que han dado su consentimiento para ser contactadas a través del sistema. El sistema no se debe utilizar para hacer llamadas de emergencia al 112 directamente. La información y las ilustraciones de este documento están sujetas a cambios. Yale se reserva el derecho de alterar las especificaciones y el diseño de productos en cualquier momento sin previo aviso.
